

**Policy for the Disclosure and Use of Information and the
Trading of Securities Issued by
Arteris S.A.**

Introduction

This Policy for the Disclosure and Use of Information and Trading of Securities Issued by Arteris S.A. was duly approved by the Company's Board of Directors at a meeting held on July 8, 2005, in accordance with all applicable laws and regulations.

**Chapter I
Definitions**

The terms and expressions listed below, when used in this Policy, shall have the following meanings:

"Controlling Shareholders" or "Parent Companies": The shareholder or group of shareholders bound by a shareholders agreement or under common control who exercise the Power of Control over Arteris, under the terms of Law 6,404/76 and its subsequent amendments.

"Management": The Executive Officers and Members of the Board of Directors at Arteris.

"Material Act or Fact": Definition provided in item 4.3 of this Policy.

"Stock Exchanges and OTC Market": Other stock exchanges, in addition to the BM&FBovespa, and entities from the OTC market in which the Securities issued by Arteris are or will be admitted for trading, in Brazil or abroad.

"BM&FBovespa": Securities, Commodities and Futures Exchange.

"Company": Arteris.

"Fiscal Council Members": Sitting and alternate Members of the Fiscal Council at Arteris.

"CVM": Brazilian Securities and Exchange Commission.

"Investor Relations Officer": The Executive Officer at Arteris responsible for providing information to the investing public, the CVM, the BM&FBovespa and, as appropriate, to the stock exchanges or OTC markets in which the Securities issued by Arteris have been admitted for trading, in Brazil or abroad, as well as updating the Company's listing as a publicly-held corporation.

"Former Management": Former Executive Officers and Former Members of the Board of Directors at Arteris.

"Employees and Executives": Employees and executives at Arteris, regardless of their job title, responsibilities or position.

"Privileged Information" or "Material Information": All information related to Arteris that is capable of significantly influencing the price of its Securities and that has not yet been disclosed to the investing public.

"CVM Instruction 358/02": Instruction 358, of January 3, 2002, as amended by Instruction 369, of June 11, 2002, and Instruction 449, of March 15, 2007, both issued by the CVM, which covers the disclosure and use of information about a Material Act or Fact relative to publicly-held companies, as well as the trading of securities issued by a publicly-held company pending the issue of a material fact that has not been disclosed to the market, among other matters.

"Arteris": Arteris S.A.

"Technical or Advisory Bodies": Groups within Arteris, created by its Bylaws, with technical functions or existing to advise its management.

"Material Shareholding Interest": Direct or indirect ownership of five percent (5%) or more of a type or class of shares representing the capital stock of Arteris, also including any rights over such shares.

"Related Parties": The following people who maintain ties to the Company's Management, Fiscal Council Members and Members of the Technical or Advisory Bodies: (i) spouses of those not legally separated; (ii) partners; (iii) any dependent included in the annual income tax filing; and (iv) companies that are directly or indirectly controlled by the Company's Management, Fiscal Council Members and Members of the Technical or Advisory Bodies, or Related Parties.

"Policy": Policy for the Disclosure and Use of Information and the Trading of Securities Issued by Arteris.

"Power of Control": (i) Ownership of partnership rights that permanently ensure preponderance in the decisions of the Company and the power to appoint the majority of the Management; and (ii) the effective use of this power to direct the activities of the Company and guide the operations of the Company's bodies.

"Affiliated Companies": Companies in which Arteris holds ten percent (10%) or more of the capital stock, without controlling them.

“Subsidiaries”: Companies in which Arteris, directly or through other subsidiaries, holds the partnership rights that permanently entitle it to preponderance in the decisions of the Company and the power to appoint the majority of the Management.

“Accession Agreement”: The document to be signed pursuant to Article 15, paragraph 1, item I and Article 16, paragraph 1 of CVM Instruction 358/02, in accordance with Annex I of this Policy.

“Securities”: Shares, debentures, subscription warrants, receipts and subscription rights, promissory notes, call options or put options, derivatives or any other securities or collective investment agreements issued by Arteris or referring to them, which are legally deemed to be securities.

Chapter II Purpose and Scope

This Policy aims to establish high standards of conduct and transparency, to be compulsorily observed by (i) Controlling Shareholders, (ii) Management, (iii) Fiscal Council Members, (iv) Members of the Company's other Technical or Advisory Bodies, (v) Employees and Executives with access to Material Information, and, also, (vi) any person who, because of their job or position at Arteris, its Parent Companies, Subsidiaries and Affiliated Companies, becomes aware of information concerning a Material Act or Fact relative to the Company, in order to adjust the Company's internal policy to the principle of transparency and best practices in the use and disclosure of Material Information and trading of Arteris's securities.

The persons cited above must sign the respective Accession Agreement to this Policy, pursuant to Article 15, paragraph 1, item I and Article 16, paragraph 1 of CVM Instruction 358/02, in accordance with the model included in Annex I of this Policy, which shall be filed at the Company's headquarters while the persons associated with them maintain their relationship with the Company and for at least five (5) years after their departure.

The Company shall maintain, at its headquarters, an updated list of the persons who have signed the Accession Agreement, with their respective qualifications, position or function, address and registration number with the National Registry of Legal Entities (CNPJ) or the Registry of Individual Taxpayers (CPF), both maintained by the Ministry of Finance. The list will always be available to the CVM.

Chapter III Principles

All persons subject to this Policy shall conduct themselves in accordance with the values of good faith, loyalty and truthfulness, as well as the general principles established herein.

The persons who adhere to this Policy shall also be aware of their social responsibility, particularly with investors, the people who work for the Company and the community in which Arteris operates.

Every effort to promote market efficiency must aim for competition among investors for the best returns to be based on the analysis and interpretation of disclosed information and never based on privileged access to that same information.

The persons subject to this Policy must take into account that transparent, accurate and timely information is the main instrument available to the investing public and, especially, the Company's shareholders, to ensure that they are given the required fair treatment.

The Company's relationships with the participants and opinion leaders of the securities markets must be uniform and transparent.

The persons subject to the provisions of this Policy must ensure that the disclosure of information about the Company's financial situation is correct, complete, continuous and developed by the members of management responsible for this function, under the terms of this Policy and all applicable regulations.

Chapter IV Policy for the Disclosure and Use of Information about Material Acts or Facts

4.1. Investor Relations Officer

The Investor Relations Officer is primarily responsible for the communication and dissemination of Material Acts or Facts related to Arteris.

To this end, some people connected with the Company are required, under the terms of this Policy and current regulations, to communicate the Material Act or Fact of which they are aware to the Investor Relations Officer, so that they can take the necessary steps, to be outlined in this Policy.

4.2. Purpose

The purpose of the disclosure of a Material Act or Fact is to ensure that investors have the timely, efficient and reasonable access to the information necessary for their investment decisions, ensuring the best possible symmetry in

the dissemination of information, thereby avoiding the misuse of privileged information in the securities market by persons with access to such, for their own benefit or that of third parties, to the detriment of investors in general, the market and the Company itself.

4.3. Material Act or Fact

Under the terms of Article 155, paragraph 1, of Law 6,404/76 and Article 2 of CVM Instruction 358/02, a "Material Act or Fact" involves (a) any decision by the Controlling Shareholder(s), resolution by the Shareholders' Meeting or by the Company's Management Bodies; or (b) any other fact or act that is political/administrative, technical, business-related or economic/financial in nature that has taken place or is related to its business that may significantly influence:

- (i) the price of the Securities;
- (ii) the decision by investors to purchase, sell or hold on to the Securities; or
- (iii) the decision by investors to exercise any rights inherent to their condition as the holder of the Securities.

4.4. Material Fact or Act – Examples and Interpretation

Examples of a Material Fact or Act include:

- (i) the signing of an agreement or contract to transfer the controlling interest in the Company, even if it is subject to conditions;
- (ii) a change in the Company's control, including through the execution, amendment or rescission of the shareholders' agreement;
- (iii) execution, amendment or rescission of a shareholders' agreement in which the Company is a party or intervener, or that has been registered in the Company's records;
- (iv) entry or withdrawal of a partner that maintains, with the Company, the operational, financial, technological or administrative contract or collaboration;
- (v) authorization to trade Securities in any market, in Brazil or abroad;
- (vi) decision to promote the cancellation of registration as a publicly-held company;
- (vii) incorporations, mergers or spin-offs involving the Company or related companies;
- (viii) purchase or sale of material assets;
- (ix) transformation or dissolution of the Company;
- (x) changes in the composition of the Company's assets;
- (xi) changes in accounting criteria;
- (xii) assumption, early settlement or renegotiation of debts;
- (xiii) approval of a stock option plan;
- (xiv) changes in the rights and advantages of the Securities;
- (xv) stock split, reverse stock split or bonus;
- (xvi) acquisition of the Company's shares to be held in treasury or cancelled, and the sale of shares so acquired;
- (xvii) profit or loss by the Company and the payment of dividends or interest on equity or any other cash payment;
- (xviii) celebration or termination of a contract, or the failure to do so, when the expectation to do so was of public knowledge;
- (xix) approval, alteration or abandonment of a project or a delay in its implementation;
- (xx) launch, restart or shutdown of a service;
- (xxi) discovery, change or development of technology or resources by the Company;
- (xxii) modification of projects disclosed by the Company;
- (xxiii) approval, by the Company's management bodies, of the realization of a public offering subject to registration with the CVM; and
- (xxiv) acquisition of a controlling stake in a publicly-held company.

The events related to the Material Act or Fact must have their relevance analyzed in the context of the regular activities and size of Arteris, as well as the information previously disclosed, and not in the abstract, in order not to trivialize the disclose of Material Acts or Facts to the detriment of the quality of the analysis, by the market, of the Company's prospects.

4.5. Internal Procedures for Reporting and Disclosing a Material Act or Fact

The Investor Relations Officer is responsible (i) for notifying the CVM, the BM&FBovespa and, if applicable, the Stock Exchanges and OTC Market, and (ii) for disclosing the Company's Material Act or Fact to the market.

The Controlling Shareholders, Management, Fiscal Council Members, Employees and Executives with access to Material Information, as well as members of any of the Company's Technical or Advisory Bodies, must communicate any Material Act or Fact of which they are aware to the Investor Relations Officer.

Meetings with professional associations, investors, analysts or with a select audience, in Brazil or abroad, relative to matters that may constitute Material Information, shall include the presence of the Investor Relations Officer or another person appointed by the Investor Relations Officer for such purpose. Otherwise, the content shall be previously reported to the Investor Relations Officer with respect to what may constitute Material Information, with the aim that any Material Information be simultaneously disclosed to the market.

4.6. Responsibility in Cases of Omission

In the event that the Investor Relations Officer commits an omission in the fulfillment of their duty to communicate and disclose Material Acts or Facts (and not when a decision had been made to maintain confidentiality, pursuant to Article 6 of CVM Instruction 358/02), the Controlling Shareholders, Management, Fiscal Council Members, Employees and Executives with access to Material Information, as well as members of any of the Company's Technical or Advisory Bodies who have personal knowledge of the Material Act or Fact and witness such an omission, may only be exempt from responsibility if they immediately communicate the Material Act or Fact to the CVM.

4.7. Disclosure

The disclosure of a Material Act or Fact must occur, whenever possible, prior to the start or after the close of trading on the BM&FBovespa and, if applicable, the Stock Exchanges and OTC Market. In the event of a time difference, the operating hours of the Brazilian market shall prevail.

The Investor Relations Officer must:

- (i) communicate and disclose the Material Act or Fact that has occurred or is related to the Company's business immediately after its occurrence;
- (ii) concurrently disclose to the entire market the Material Act or Fact to be disclosed by any means of communication, including press releases, or in meetings with professional associations, investors, analysts or with select audiences, in Brazil or abroad, and
- (iii) evaluate the need to request, always simultaneously, that the BM&FBovespa and, if applicable, the Stock Exchanges and OTC Market, suspend the trading of the Securities, for the time needed to properly disclose the Material Information, if it is imperative that the disclosure of the Material Act or Fact take place during trading hours.

4.8. Communication

Information about a Material Act or Fact must be simultaneously communicated to:

- (i) the CVM;
- (ii) the BM&FBovespa;
- (iii) the Stock Exchanges and OTC Market, if applicable.

4.9. Forms of Disclosure

The disclosure of a Material Act or Fact involving the Company must occur through publication in the major newspapers usually used by Arteris.

Arteris may, upon each reporting of a Material Act or Fact, choose to do so in a summary format in these newspapers, containing the minimum elements necessary to ensure understanding. In this case, the publications shall indicate the web address where the complete information must be available to all investors, with content that is at least identical to that which was submitted to the CVM, the BM&FBovespa and, if applicable, the Stock Exchanges and OTC Market.

4.10. Duty of Confidentiality

The Controlling Shareholders, Management, Fiscal Council Members, Employees and Executives with access to Material Information, as well as members of any of the Company's Technical or Advisory Bodies or anyone else who, by virtue of their job, function or position in the Parent Companies, Subsidiaries and Affiliated Companies who have signed the Accession Agreement will have the duty to:

- (i) maintain the confidentiality of the information relative to the Material Act or Fact to which they have privileged access until its disclosure to the market, and
- (ii) ensure that subordinates and third parties in their trust do the same, jointly liable with them in the event of noncompliance with the duty of confidentiality.

Whenever there is doubt about the relevance of Privileged Information, the Investor Relations Officer must be contacted in order to clarify such doubts.

4.11. Exemption from Disclosure

The general rule in relation to Material Acts or Facts is that they should be communicated and disclosed immediately. However, there are exceptional cases in which a Material Act or Fact may not be communicated and will be the subject of analysis.

In exceptional cases in which the indiscriminate disclosure of Privileged Information that constitutes a Material Act or Fact may jeopardize the Company's legitimate interest, non-disclosure will be subject to the decision of the Controlling Shareholders or the Company's Management, as appropriate.

Although the Management and Controlling Shareholders may decide not to disclose a Material Act or Fact, it is their duty to immediately disclose the Material Act or Fact, directly or through the Investor Relations Officer, if the information is leaked or there is an atypical fluctuation in the price or trading volume of the Company's Securities.

The Controlling Shareholders or Management may submit to the CVM their decision to exceptionally maintain the confidentiality of Material Acts or Facts whose disclosure is understood to present clear risks to the legitimate interests of the Company.

4.12. Duty to Communicate Trading by Management, among others, and Related Persons

The Management, Fiscal Council Members, and members of the Company's Technical or Advisory Bodies shall report their ownership of Securities issued by the Company, either in their own name, or in the name of Related Parties, as well as changes to these positions.

The communication must be forwarded to the Company's Investor Relations Officer, who will forward it to the CVM, the BM&FBovespa and, if applicable, the Stock Exchanges and OTC Market, in accordance with the templates included in Annex II "A" and "B" of this Policy.

This communication must be made (i) immediately after taking office, as applicable, and (ii) within ten (10) days after the end of the month in which there was a change of positions held, indicating the balance of the position for the period.

4.13. Purchase or Sale of Material Shareholding Interest

The direct or indirect Controlling Shareholders, the shareholders who elect members of the Company's Board of Directors and the shareholders who elect members of the Company's Fiscal Council shall communicate, as well as disclose, information about the purchase or sale of the Material Shareholding Interest.

Statements made about the purchase or sale of Material Shareholding Interest must be forwarded to the CVM, the BM&FBovespa and, if applicable, the Stock Exchanges and OTC Market, and must contain the information requested in the template included in Annex III of this Policy.

The communication to the CVM, the BM&FBovespa and the Stock Exchanges and OTC Market must be sent immediately after achieving the shareholding interest cited in this item. Disclosure must be conducted in accordance with item 4.9 of this Policy.

Chapter V **The Company's Securities Trading Policy**

5.1. Black-Out Periods

The Company, its direct or indirect Controlling Shareholders, Management, Fiscal Council Members, Employees and Executives with access to Material Information and the members of the Company's other Technical or Advisory Bodies, shall refrain from trading their shares during all of the period in which, under the directions of the Investor Relations Officer, there has been a determination to cease trading (Black-Out Period).

The Investor Relations Officer is not obliged to provide motivations for the decision to establish a Black-Out Period, which will be treated confidentially by its recipients.

The same obligations shall apply to anyone who, by virtue of their job or position with the Parent Companies, the Subsidiaries or the Affiliated Companies, has knowledge of information relative to a Material Act or Fact about the Company and has signed the Accession Agreement.

5.2. Restrictions on Trading Pending the Disclosure of a Material Act or Fact

The trading of Securities is prohibited by the Company, by the Management, Controlling Shareholders, direct or indirect, Fiscal Council Members, Employees and Executives with access to Material Information and members of the Company's other Technical and Advisory Bodies, as well as anyone who, by virtue of their job, function or position with the Parent Companies, the Subsidiaries or the Affiliated Companies, has knowledge of information relative to a Material Act or Fact about the Company under the following hypotheses:

- (i) whenever there is any Material Act or Fact in the Company's business that is known to the persons mentioned above;
- (ii) whenever there is an intention to promote incorporation, a total or partial spin-off, merger, transformation or corporate reorganization; and
- (iii) only in relation to the Controlling Shareholders, direct or indirect, and Management, whenever they are in the process or have been granted the option or mandate to purchase or sell shares issued by the Company, from the Company itself, its Parent Companies, Subsidiaries, Affiliated Companies or any other company under common control.

The prohibitions set forth in sub-items "i" and "ii" above shall no longer be in effect once the company discloses the Material Act or Fact to the market, except if the trading of the Company's shares by the persons mentioned above, after the disclosure of the Material Fact or Act, might interfere with the Company's business conditions, in detriment to the Company's shareholders or the Company itself.

5.3. Prohibition of Trading in Periods Prior to the Disclosure of Quarterly and Annual Information

The Company, its Controlling Shareholders (direct or indirect), its Management, Fiscal Council Members, Employees and Executives with access to Material Information and members of the Company's other Technical and Advisory Bodies, as well as anyone who, by virtue of their job, function or position with the Parent Companies, the Subsidiaries or the Affiliated Companies, has knowledge of information relative to a Material Act or Fact about the Company and has signed the Accession Agreement, may not trade the Company's Securities during the period 15 days prior to the release or publication, as applicable of the:

- (i) the Company's quarterly information (ITR); and
- (ii) the Company's annual information (DFP and Reference Form).

5.4. Prohibition of a Resolution Relative to the Purchase or Sale of Shares Issued by the Company Itself

The Company's Board of Directors may not resolve on the purchase or sale of its own shares until it has been made public, through the publication of a Material Act or Fact containing the information relative to:

- (i) the celebration of any agreement or contract aimed at the transfer of the shareholding control of the Company; or
- (ii) the granting of an option or mandate to end the transfer of shareholding control of the Company; or
- (iii) the existence of an intention to promote incorporation, a total or partial spin-off, merger, transformation or corporate reorganization.

5.5. Prohibition of Trading Applicable to Former Management

Former Members of Management who leave the Company prior to the public disclosure of a business or fact that began during their term in office may not trade the Company's Securities:

- (i) for a period of up to six (6) months after their departure; or
- (ii) until the disclosure, by the Company, of the Material Act or Fact to the market, except if, under this second hypothesis, the trading of the Company's shares after the disclosure of the Material Act or Fact may interfere with the conditions of the cited business, to the detriment of the Company's shareholders or the Company itself.

Among the alternatives cited above, the event that occurs first shall always prevail.

Chapter VI Final Provisions

6.1. Indirect and Direct Trading

The prohibitions against trading set forth in this Policy apply to trades carried out, directly or indirectly, by the Controlling Shareholders, Management, Fiscal Council Members, Employees and Executives with access to Material Information and members of the Company's other Technical and Advisory Bodies, as well as anyone who, by virtue of their job, function or position with the Parent Companies, the Subsidiaries or the Affiliated Companies, has knowledge of information relative to a Material Act or Fact about the Company, even in cases in which trades by these persons occur by means of:

- (i) a company controlled by them;
- (ii) third parties with whom they have maintained a fiduciary agreement or an agreement for the management of a portfolio or securities.

Trades carried out by investment funds of which the persons cited in the item above are shareholders are not considered indirect trades, provided that:

- (i) the investment funds are not exclusive; and
- (ii) the trading decisions of the investment fund manager cannot be influenced by shareholders.

6.2. Responsibilities of the Investor Relations Officer

The Investor Relations Officer at Arteris is responsible for the execution and monitoring of the Company's policies for the disclosure and use of information and trading of securities.

6.3. Changes to the Policy

Any amendment or revision of this Policy must be submitted to the Company's Board of Directors.

6.4. Changes to the Trading Policy

The trading policy set forth in this Policy may not be altered without the disclosure of a Material Act or Fact.

6.5. Third Party Liability

The provisions of this Policy do not eliminate the responsibility resulting from legal and regulatory requirements attributed to third parties not directly related to the Company that have knowledge of a Material Act or Fact and then trade Securities issued by the Company.
